BLACKOUT

06.11 > 20.12.2014

Blackout

blackout (plural blackouts)

1. a large-scale power failure, and resulting loss of electricity to consumers
2. the mandatory blocking of all light emanating from buildings as imposed during World War II
3. a temporary loss of memory caused by the intake of any substance or medication in which long term memory creation is impaired, therefore causing a complete inability to recall the past
